

Pre-training Planning

ZEISS is committed to providing training of the highest standard. Please complete the details below to allow us to deliver training which will best fit your requirements.

Key Contact for Training (please amend if incorrect)

Name	
Email	
Telephone	
Sales Order No.	

Training at the system is designed for up to four participants per session. This ensures each participant hands-on time as part of the session.

Is there sufficient space for up to four attendees plus the trainer at the system?

Yes No

Attendees

Name	Experience Level			System Experience		Key User
	None		Expert	ZEISS	Other	
	1	2	3			

Key users are those who will provide local training support to other colleagues and/or may require training on system maintenance.

Experience Level refers to the key imaging modes of the system.

Your priorities for the initial training

--

Are there any specific Local Rules relevant to the training location we should be aware of?
For example security restrictions, limitations due to recent contact with animals, etc.
